

Currency Adjustment Factor Q1 2025

Dear Valued Partner,

Fluctuations in currency (USD and EUR) against the Canadian dollar are evaluated each quarter and Kärcher Canada then the CAF (Currency Adjustment Factor) is set.

As a result, starting January 1st 2025, any order received will have a Currency Adjustment Factor of +3.00%.

Please continue to submit PO pricing in the same manner: either by adjusting each line item with 3.00% of the value, or by taking the 3.00% value off the order value before taxes.

We will continue to monitor and evaluate the Canadian dollar to consider revision of the Currency Adjustment Factor next quarter if necessary*.

Thank you for your continued loyalty and support.

Sincerely,

Paul Frechette

Paul Frechette
Sr. Director of Sales and Service
Kärcher Canada Inc.

*Please note that we reserve the right to adjust our prices without notice due to unforeseen cost increases of imported products, raw materials, or currency fluctuations
