**AN EXCITING INNOVATIVE

# HANDCARE SYSTEM

The ultimate defense against germs is hand washing and Kruger Products offers innovative handcare product systems that help to reduce the spread of germs and prevent cross-contamination. Hands Fresh® Touchless Foam Dispensers deliver foam soap by simply placing your hand beneath the unit. Plus, they have a contemporary style that will compliment any setting. Hands Fresh® Touchless Foam Dispensers offer many Cost-In-Use benefits as compared to competitive automated soap systems, including reduced product usage per hand wash by up to 33% because only a small amount of product is dispensed at one time.
