

## CARE & CONSIDER

Starting with a herd of 100 goats and a community of Neighbors, Beekman 1802 unlocked the science behind goat milk—a centuries-old natural remedy for sensitive skin—and grew from one bar of soap into the world’s biggest goat-milk skincare line. Goat milk has been used for centuries as a natural remedy for sensitive skin, but Beekman 1802 unlocked the science behind this treatment to create skincare that’s powerfully effective but safe for even the most sensitive skin.
